Dear Valued Community/Business Partner,

The La Joya ISD Educational Excellence Foundation is a 501(c)(3) nonprofit organization devoted to enhancing the educational experience for the students in the La Joya Independent School District. We provide grants that support innovative educational opportunities, programs and incentives for students. Recently awarded Foundation grants have helped purchase an audio visual resource of historical speeches for high school social studies classes, a Step by Step College Preparation resource to assist students in their college application process, technology tablets for interactive elementary level learning activities and hand-held technology devices to expand integration of Science, Technology, Engineering & Math (STEM) concepts in the elementary classroom setting.

“Investing in Student Success” is our Foundation’s slogan. As such, we enlist your consideration in supporting our cause. Your funding will directly impact the instructional experience for our students. Funds will be used to expand and enhance our existing programs.

The La Joya ISD Educational Excellence Foundation relies on support from generous donors such as you. Your donation ensures that our work continues to transform the lives of the students in this community.

Please forward your contribution check as follows:
